METSTRADE 2024 PRODUCTS PREVIEW RAI AMSTERDAM, NOVEMBER 19-21

ATMOS BY SCANSTRUT | STAND 3.510

ATMOS by Scanstrut is an award-winning air station, recognized with DAME, IBEX Innovation and Top Boating Products awards. Built into your boat, it's waterproof and compact, designed to inflate/deflate SUPs, towables and more. With easy installation, an LCD display and a two-stage marine pump, it enhances your on-water experience.

NAVICORK BY AMORIM | STAND 12.902

NAVICORK by Amorim stands out as a valuable solution for sustainable deck construction, complying with the industry's safety and technical standards. Light, resilient, versatile and with excellent levels of thermal and acoustic insulation and anti-slip, cork combines high performance with attractive visuals. *No trees are felled or damaged in the cork extraction process, only the outer bark is removed. For every ton of cork produced, the cork forest sequesters up to 73 tons of CO2.* For more information, please visit: <https://navicork.com>.

NEW BARTON MARINE GT & HD GENOA CARS | STAND 1.474

Barton
bartonmarine.com

The new Barton sleek GT and HD Genoa Car range offers pin down and towable Genoa Cars in Spectro or black anodising, running on both 32mm and 25mm T Section track. Manufactured in the UK in high grade aluminium, the cars incorporate moulded nylon inserts to provide smooth free running precision, aluminium bearings and machined Ertalyte sheaves with a riveted tube axle for extra strength and to minimise friction on the bearings. Stainless steel plunger knobs

are styled for easy grip with a twist-lock action for versatility. Also available in heavy duty versions for larger craft or to accommodate larger load applications. <https://bartonmarine.com>

TACO MARINE® SHADEFIN® | STAND 5.212

ShadeFin® easily attaches into rod holders, tops and gunnels to quickly and conveniently add an extra layer of sun protection virtually anywhere on deck. Offered in black or white, ShadeFin's fabric provides a UPF 50+ rating of sun protection for multiple areas of the boat, including fore, aft and sides of tops and anywhere there is a rod holder. <https://tacomarine.com/canvas-shade-store-shade-store-t10-3000>.

SIONYX NIGHTWAVE™ NIGHT VISION CAMERA | STAND 5.207

Nightwave™ is built around SIONYX's patented Black Silicon BSI CMOS sensor, making it easy to spot obstacles and debris in moonless starlight without white light or expensive thermal cameras. Featuring <1 millilux moonless starlight sensitivity, you will see well beyond human eyesight and detect man-sized objects at 150 meters. Flexible mounting options and easy setup, Nightwave seamlessly integrates with major brand MFDs. <https://www.sionyx.com/products/nightwave>.

ANCHORIGHT CHAIN MARKING SYSTEM | STAND 3.220

Anchoright's advanced, ocean-friendly chain marking solution and revolutionary guide plate is built to enhance the safety, ease, and accuracy of anchoring for boats of all sizes. The innovative guide plates and screw-in chain markers are designed to stay securely in place, providing a superior and environmentally conscious alternative to traditional systems.

SWOBBIT® PROFESSIONAL BOAT CLEANING TOOLS | STAND 1.474

The Swobbit® System, which includes the Swobbit Perfect Pole handle and 14 attachments, is the efficient way to keep a boat clean. The strong and sturdy Swobbit Perfect Pole handle adjusts easily and is comfortable to hold. Changing accessories is a snap. The patented Insta-just internal tracking system, with the exclusive Uni-Snap quick release mechanism, makes extending and collapsing the Perfect Pole quick and fool proof, eliminating frustrating alignment problems. The Swobbit System includes premium quality cleaning brushes, drying mops & cloths, scrub pads & plates, soft washing tools, water blades and cleaning textiles.
