Spring Product Spotlight: Southco® Constant Torque Position Control Hinges

GUILFORD, CONNECTICUT – Represented by Ocean Marketing, Southco® Constant Torque Position Control Hinges safely hold hatches and doors open in any position, in the harshest environments.

This Southco line provides constant resistance throughout the entire range of motion, enabling boat owners to easily position hatches, doors and other mounted components and hold them securely at any desired angle – fully opened, fully closed or anywhere in between.

Easy to integrate and simple to install without added cost, the hinges are available in a variety of sizes, materials and torque ranges. Aesthetic designs and concealed mounting hardware options provide a clean presentation. For more information, visit <https://southco.com/hinges/positioning-hinges/e6-st-constant-torque-position-control-hinges>.

Boat builders and distributors interested in Southco Constant Torque Position Control Hinges and other Southco products should contact Ocean Marketing, info@oceanmark.com or call 1+800.343.8294.
