Product Spotlight: TACO Marine® Premium Bucket Seats

The TACO Marine® seating products range features two USA made, premium bucket seats.

The high-quality seats feature integrated suspension, adjustable bolsters (which allow boaters to stand and steer while at the helm), high-density, anti-bacterial foam padding and marine-grade vinyl fabric treated with anti-microbial and UV stabilizers.

Both seats are available in four different color combinations and will mount to any standard pedestal with a 5.25" 4-hole pattern.

The Anclote bucket seat (shown left, above) also features plush cushioning and a wrap-around body style accented with premium diamond quilting. More info: <https://tacomarine.com/seating-store-bucket-seats-ba1-25>.

The Caladesi bucket seat (shown right, above) also features plush cushioning, a wrap-around body style accented with a smooth fabric finish and a sporty back cutout that allows for breathability and flair. More info: <https://tacomarine.com/seating-store-bucket-seats-ba2-25>.

TACO Marine®, a division of TACO Metals®, LLC, designs, manufactures, and distributes a wide range of products, including rub rail, sport fishing and outrigger systems, boat shade, canvas and

tower components, helm chairs and pedestals, and specialty hardware. TACO Metals, LLC is a subsidiary of Patrick Industries (NASDAQ: PATK), a leading component solutions provider for the RV, marine and manufactured housing industries.
