Drew Marine TRAC Ecological Products To See At IBEX 2023, Booth 3-1445

TRAC Ecological, a Drew Marine business, will feature four of its best-selling products in booth 3-1445 at IBEX 2023, October 3-5 at the Tampa Convention Center.

Barnacle Buster™ Marine Growth Remover

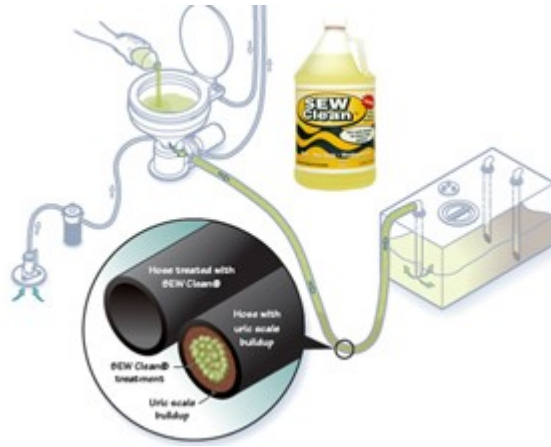

For more than 30 years, Barnacle Buster™ from TRAC Ecological has been the #1 selling marine descaler. Barnacle Buster is a safe, non-toxic and biodegradable marine growth remover specifically formulated to meet an industry wide need for fast, cost effective alternatives to mechanical cleaning of seawater cooled equipment.

Barnacle Buster™ can be safely re-circulated through seawater cooling systems, dissolving barnacles, zebra mussels, calcium, rust, lime & all other mineral deposits. Most applications can be completed within 4 hours. Available in both concentrated and pre-mixed solutions: Quart, one-gallon, five-gallon, or 55 gallon containers; as well as a 250 gallon tote tank.

More product info: <https://www.trac-online.com/products/descalers/barnacle-buster>

SEWClean® Sewage System Cleaner

Use **SEWClean**® to quickly & easily remove clogs and nasty odors from sewage systems. It's completely safe, non-toxic and biodegradable.

SEWClean® efficiently and economically cleans without dismantling any piping or creating a mess. It's compatible with all metals, plastics, gaskets and other materials commonly found in sewage systems.

Use **SEWClean**® to remove uric scale and clean sewage systems from toilet to tank. Available concentrated in (US) one gallon bottles, five gallon pails, 55 gallon drums and 250 gallon tanks. One gallon of **SEWClean**® makes five to eight gallons of ready-to-use solution.

FLUSHcaps™

Available in three sizes to fit any GROCO ARG Strainer, FLUSHcaps™ make descaling, fresh water flushing and winterizing raw water-cooled equipment a snap.

A bonus - temporarily replacing an existing strainer cap with a FLUSHcap™ allows you to easily connect a TRAC Port-O-Flush Jr.® and descale raw water-cooled equipment with TRAC's Barnacle Buster®.

TEAgel™ Natural Air Purifier

Made with pure Australian tea tree oil, TEAgel's slow releasing vapors work to naturally degrade mold, mildew and bacteria leaving only fresh, clean air behind.

TEAgel® will neutralize and eliminate odors, as well as provide long lasting freshness. Simply place a jar of TEAgel® anywhere you want to have fresh, clean air. It doesn't require airflow to work, so it can be placed anywhere on board. Available in 4, 8 & 16 ounce jars and 1 & 5 gallon containers.
